

International Marine Mammal Project

Earth Island Institute
300 Broadway, Suite 28
San Francisco, CA 94133

March 27, 2007

Dear Mr. Baricevic,

On behalf of Earth Island Institute I would like to thank you for your decision to not allow captive dolphins to be imported or displayed in Jasenice, Croatia. By saying NO to the captive dolphin industry you are sending a powerful positive message to the rest of the world. A message about Croatia's respect for nature.

Sincerely yours,

**Richard O'Barry
